OLTMANS, who previously produced a commentary on the murder of KENNEDY is still working on this matter in cooperation with Jim GARRISON. He claims to know who the KENNEDY murderer was. In connection with this OLTMAN has been the guest of an "oil millionaire" in Texas.

According to OLTMAN he was invited there because of "his knowledge of the affair" and the fact that he would be able to act as a medium to bring the facts to the world. At his request Jim GARRISON has provided him with a body guard while working on this matter.

In Texas it appeared to him that the group who had financed KENNEDY's murder had had a deep seated quarrel and had fallen into two groups. Some details regarding this affair have come to light and it is seriously being considered to bring them to the public via a television broadcast.
